RE: Engagement as Psychometrics Research Consultant — Summer 2026

Dear Brad,

It is my pleasure to offer you an engagement as a Psychometrics Research Consultant with MedEdPrep, LLC for the summer of 2026. We are genuinely excited to have you bring your expertise to our team, and this letter sets out the terms of that engagement.

- 1. Role.** You will serve as a Psychometrics Research Consultant, working on item response theory (IRT) modeling, item calibration, metacognition research, and related psychometric analyses using MedEdPrep’s de-identified assessment data.
- 2. Independent Contractor Status.** You will be engaged as an independent contractor (IRS Form 1099). You will determine your own methods, tools, and working hours and will not be directed in the day-to-day manner of an employee. Nothing in this letter creates an employment, partnership, or agency relationship. Should this engagement transition into a full-time role, we would convert you to W-2 employment at that time.
- 3. Term.** The engagement will run from June 15, 2026 through August 21, 2026, unless extended or concluded earlier by either party with reasonable notice.
- 4. Hours.** You will begin at approximately 20 hours per week, with the flexibility to increase up to full-time (40 hours per week) as project scope and mutual interest warrant.
- 5. Compensation.** You will be paid \$50.00 per hour for hours worked. You will record your hours and a brief description of the work performed through MedEdPrep’s internal portal; recorded hours will be totaled at the close of each two-week period and paid within ten (10) days of the close of that period. This logged record serves as your invoice of record, and no separate invoice document is required. As an independent contractor, you are responsible for your own federal, state, and self-employment taxes; MedEdPrep will not withhold taxes. MedEdPrep will issue an IRS Form 1099 or, for a non-U.S. person, will collect a Form W-8BEN and report as required. Please provide a completed Form W-9 or W-8BEN prior to first payment.
- 6. Location.** This is a fully remote engagement. You may work from any location, including while traveling.

7. **Confidentiality & Data.** In the course of your work you may access MedEdPrep proprietary materials and de-identified student response data. You agree to keep such information confidential, to use it solely for the purposes of this engagement, and not to attempt to re-identify any individual. Consistent with our existing practice, data containing personally identifiable information will not be shared with you.
8. **Work Product & Intellectual Property.** All work product, models, calibrations, code, analyses, and deliverables you create in connection with this engagement are the property of MedEdPrep, LLC. With MedEdPrep's prior written consent — which we anticipate granting and encourage — you may use de-identified findings and your own contributions for academic publication and professional portfolio purposes, with appropriate acknowledgment of MedEdPrep.
9. **Point of Contact.** Your primary point of contact will be Jeramey Ricks, Chief Executive Officer.

Brad, I want this summer to be meaningful for your career, not just a line on a resume. We are looking forward to the work ahead — and to the possibility of building something longer-term together.

To accept, please sign below and return a copy at your convenience.

Warm regards,

Jeramey Ricks, NRP, CCP-C, FP-C

Chief Executive Officer

MedEdPrep, LLC

Accepted and agreed:
